Attendees

Cory Morris, Sydney Harris, Cristyn Cordova, Francela Brazil Williams, Lauv Bruner, Helen Eisert, Dawn Handley, Marilyn Hartman, Michelle Hallee, Nicole Wiscombe, Lexie Grove, Melissa Shearer, Ashley Trust, Sonja Burns

Minutes

Welcome

Group was welcomed and agenda was reviewed.

Readmission data and person stories

Group reviewed readmissions demographics for the catchment area. Details provided for primary reasons for readmittance. Clarification provided for the “not bridged to services” and “discharged before ready”. Group requested clarification on additional categories and discussed barriers. Details provided were from Jan 2019-Jan 2022. Group moved on to mentimeter questions. Group provided suggestions and feedback around needs in the catchment to support continued recovery in the community. Group then moved on to specific areas of the catchment. Discussed sample size for Blue Bonnet. Reviewed person stories from Bluebonnet Trails and Brazos Valley LMHA catchment area, and discussed what these persons would need to stay in the community. Discussed how to ensure person wishes are incorporated into the care they receive. A member suggested that there may be some people with anosognosia that cannot make good decisions or choices, so they can’t necessarily agree to appropriate community placements (if they existed). Member requested several data points for HCBS-AMH.

Next Steps and Close

Next meeting will be continuing the person stories for the catchment area.
